2017/4155/P	Professor B J Sokol	42 Patshull Road NW5 2LD	09/08/2017 22:00:30	COMMNT	I strongly object to this application or any variation on it. The hatd- fought-for preservation of the facade of this historic building will be rendrerred futile and the character of our area will be negatively impacted if it is allowed in any form. The loss of amentity and beauty will be bourn by everyone and the unwarranted profits will not benefit the community.
2017/4155/P	H Reardon-Bond	56 coity rd kentish town london nw5 4ry	09/08/2017 09:51:10	APP	<p>I understand that there has been a late application as follows: 141-145 Kentish Town Road LONDON NW1 8PB</p> <p>Erection of roof extension to provide of 3 self-contained flats (1x1bed and 2x 2beds); and erection of associated bin and bike storage in Castle Place at ground floor level.</p> <p>Application number: 2017/4155/P</p> <p>Application type: Full Planning Permission.</p> <p>I am objecting against this as this addition would not fit with the agreed design and would look totally incongruous with the new building. It would not be suitable to the building and its historic nature.</p>
2017/4155/P	Sue Odell	12 Bartholomew Villas NW5 2LL	08/08/2017 20:19:51	OBJEMAIL	What an outrage...Ringleys are sneakily trying to add another storey (and during the summer holidays when lots of locals are away too!)...This additional storey looks horrible on the plans and would not be in line with the frontage of the very attractive South Kentish Town Station building next door. This additional storey was not in the original proposal which had a huge amount of objections locally. Please either extend the time so that people can send in their views in September or, ideally, refuse this awful extra storey.
