**Subject:** Hall school expansion

Sent from my iPad

The Hall school I believe have sent out a letter to local residents, but I as a very close neighbour who will greatly be affected by their new building, have not received.

My earlier objections for them not going ahead to their expansion still holds.

1) My bedrooms overlook the schools playground & classrooms, which not only are visually intrusive, but are noisy & take away from our light. 2) The school also hires out their premises every Summer, Easter, Christmas & mid term break to camps, which, if they go ahead with their expansion will cater to intake of even more children.

3) The parking & traffic chaos, as it is, is chaotic at school times, if they expand it will be a nightmare for residents.

4) We have 3 other schools in & around Eton Avenue, they may also put in plans for expansion, which will leave us residents in a very sorry state.

5) This is primarily a residential area & should remain so. The school is a commercial enterprise, which is working towards its own gainful end, without any benefits to the community or its residents.

I am in the autumn of my life & do not want to be beset by noise, pollution, traffic chaos & many years of noisy building works. We chose Eton Avenue for its tree lined & peaceful ambience, which the Hall School will destroy.

I sincerely hope Camden Council takes on board the concerns of all the residents & not the monetary gain of the school.

Yours sincerely,  
Asha Thapa
