Dear Sir

I understand that you're considering a proposed development of [25 Shelton Street](#).

I'm most concerned about the detrimental effect this would have on the quality of life for the myself and the other residents of my building - [40 Earlham Street](#).

Despite this being in the centre of London, Covent Garden is a residential area. The noise from customers, deliveries, waste collection etc would have an adverse impact on our building. Also, the potential for noise, and cooking and smoking smells to be amplified by the courtyard would have a very negative impact on our flats - all of which overlook that space.

Yours

Peter Jones
