### 2017/2705/P - Euston Road, o/s 130

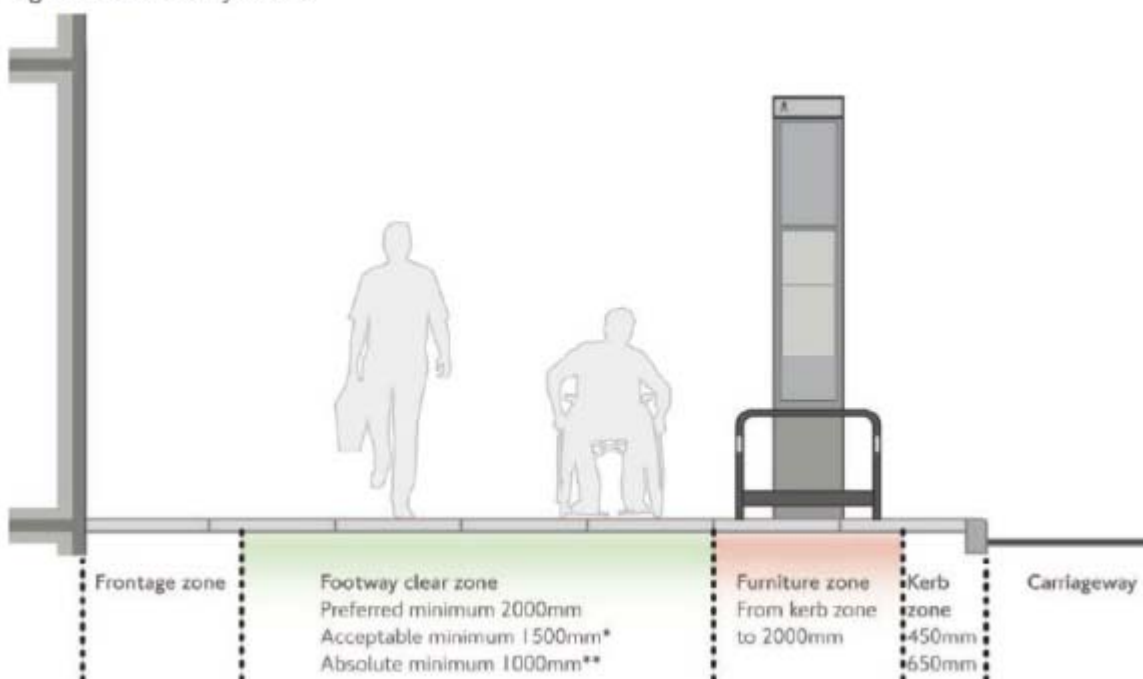

Whilst TfL does not object to the proposal and accepts it would declutter the streetscape, we would prefer for the applicant to investigate moving the unit down the street, closer to the existing telecommunications boxes and trees. TfL therefore seeks further discussions with the applicant

We seek a better location that would better respect the furniture zone explained in the TfL Streetscape Guidance (see below, extract from Section 11.2, 'Footway zones – Furniture and Planting zone', in the TfL Streetscape Guidance, available at <https://tfl.gov.uk/corporate/publications-and-reports/streets-toolkit>).

TfL expects all BT phone box replacements in Camden and elsewhere, especially those on the TLRN, to be located in an existing 'Furniture Zone'.

Please share contact details for the applicant or copy them or their representatives into this chain.
