

Our Ref. L13/097/10/GC

Lara & Richard Max
26 lower Merton Rise
London
NW3 3SP

11th August 2017

Dear Mr & Mrs Max,

Re: Proposed Basement & Superstructure Alterations at 26 Lower Merton Rise

In light of the new proposals to accommodate a small lightwell to the rear of the previously approved basement extent, we confirm that the works would not result in additional structural implications than previously assessed in the approved BIA.

Yours sincerely,

Graham Chapman
