2017/2679/A	Seyed Kamal Ghorashian(Mr)	Flat9 Julian Court 150 Camden Court London NW1 9HU	23/07/2017 09:48:59	OBJEMPER	<p>I object to the elevation of the proposed building extending all along the plot which cuts out our line of sight beyond the existing church building particularly at our level (floor one at Julian Court). The proposed plan protrudes well beyond the existing structure and its height thus cutting out our light and line of view leaving us staring straight into a solid wall going up to three levels' height!.</p> <p>The existing church structure dose not obstruct our view but the proposed building will create a frightening high wall resembling a prison wall especially for us and the floor below at Julian Court.</p> <p>However, a proposal following the height profile of the existing building is acceptable to us.</p>
