2017/2471/P	Miss K Lim	Flat 9 Newmount 11 Lyndhurst Terrace London	16/08/2017 20:51:10	OBJ	Basement footprint is extremely large. Would this set up a precedent for future basements in the area, especially houses that have been sold recently, such as 9 Lyndhurst Terrace. Would this disturb the water level and also, contaminate it? thus causing damage to the trees near the house, such as our oak tree?
