Informative(s):

- 1 The site is a Grade II listed building, one of 3 semi-detached pairs of villas, linked by side porticoes. The buildings date from the mid C19 and are located within the Primrose Hill Conservation Area. The current application relates to internal alterations to Flat 4 to enlarge an existing door opening within the spine wall. The proposals involve the removal of a modern timber post adjacent to the existing door opening and subsequent enlargement. The proposals will not result in the loss of any historic fabric and will preserve the special interest of the Grade II listed building.

No objections have been received prior to making this decision. The planning history of the site and surrounding area were taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
