Description: Variation of conditions re BIA

Case Officer: David Peres Da Costa

Date: 20 August 2017

In response to the PO's resume of the application information now on line, with public access, we comment:

1. None of the information now presented was available at the time of our previous comments and objections on 11 May 2017.
2. The position of consultant firm Campbell Reith was not clarified at the time of application; we assumed that they were acting for the Applicants.
3. The current resume now available to public access confirms that the application BIA conforms with your requirements (although other objectors may not agree), and we withdraw our objection.

Much time would have been saved if the CR report had been available from the start, and their status clarified.
