

Re proposed work to 2 x Limes (T9 & T10) at 25 Elsworthy Road NW3 3BT : I approve of the proposed work. The two trees are pushing through and knocking over 9 Elsworthy Terrace garden wall that abutts onto 25 Elsworthy Road garden. The two trees create damp and darkness in the 9 Elsworthy Terrace garden. Nothing will grow in the soil under and beyond the two trees. The two trees are a barrier to sunlight both in the garden and in the building at 9 Elsworthy Terrace.

When/if the two trees are felled it will then be possible to grow small decorative trees and shrubs and flowers in 9 Elsworthy Terrace garden.

Thank you and with best wishes, Xandra Bingley, 9 Elsworthy Terrace, NW3 3DR.
