Drawing Nos: JS024-P000(), JS024-E011(), JS024-E012(), JS024-E020(A), JS024-E021(), JS024-P011(), JS024-P012(), JS024-P020(A), JS024-P021() and Design and Access Statement dated 31 May 2017 p1.

The Council has considered your application and decided to grant Listed Building Consent subject to the following conditions:

Conditions and Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed

Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: JS024-P000(_), JS024-E011(_), JS024-E012(_), JS024-E020(A), JS024-E021(_), JS024-P011(_), JS024-P012(_), JS024-P020(A), JS024-P021(_) and Design and Access Statement dated 31 May 2017 p1.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informatives:

- 1 Reasons for granting permission.

The proposal involves the removal of a modern concrete flight of steps and freestanding wall which currently provide access to the first floor terrace. There is no objection to the loss of these non-original structures, and their removal would not cause harm to any historic fabric or the special interest of the listed building. The existing first-floor glass balustrade above the modern extension would be extended to fill the gap left by the steps. Given the pre-existing glazed balustrade, this is considered acceptable in this instance.

The proposals also include the removal of concrete planters in the rear garden, re-landscaping and the erection of additional planters and trellis. These alterations are not considered to adversely affect the setting of the listed building and are acceptable.

The Council's Conservation Officer has assessed the proposals and does not object to the development.

No objections were received prior to the determination of this application. The planning history of the site and surrounding area were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas Act) 1990 as amended by the Enterprise and Regulatory Reform Act [ERR] 2013.

As such, the proposed development is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with The London Plan March 2016, and the National Planning Policy Framework 2012.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
