Dear Gideon, 10X

It was great pleasure speaking with you today about Rochester square Spiritual Temple. Here is what I propose, the Temple of balance where people of any background can go. This temple will for balancing people and all religion's all colors will be welcomed. We can have the coffee shop and small vegan restaurant and art gallery too so some money can be made and we can present new artists. The vision I have

is a replica of King Soloman's temple from Israel, I am feeling in my blood that is the purpose why I am on earth.

I will send you pic of temple in mind, this temple has my dream also prophecy says this must be built. I will honour King Soloman, Aleister Crowley, Sir Auther Conan Doyle. This temple will bring people together in 1 world religion, 1 mind. This is part of higher plan, I am in touch with higher spirits and I am the high priestess who will help in this temple to run it. Teach people about love beyond colours and religons devison's.

If any one demolish this church they will never be happy as this is the house of God, as high priestess this temple means the world to me and I am sure humanity will benefit from being under 1 religon.

If you need drawing's I need to find someone who can do this for me.

This work must begin asap as a order from above. My email must not be ignored and if you need to get in touch with me about the temple I am avialable 24 hours to discuss it further.

Best regards. 93, LET THERE BE LIGHT.
