2017/4567/P	Neville Purssell	73 Falkland Road	28/08/2017 11:21:55	COMMNT	With this proposed development, we are concerned about the two trees planted by the council some years ago that are on the pavement on Montpelier Grove adjacent to the site. In the application, the photographs are so old that one of the trees is not even shown and the second tree is now considerably more mature. These need to be protected in any development as they provide important shade and greenery to this area consistent with the council's approach to the conservation area, and much appreciated by local neighbours.
