

19th July 2017 .

To whom it may concern.

A tree report based on two small specimens located at the rear garden of 41 Arlington Road.
London.

T1 - Birch sp. - Fell to ground level - Dead

T2 - Apple - Poor condition choked with Rose. Fell to ground level . Reason for felling is due to poor specimen with low amenity value. Replace with a fruit tree.

Many thanks

Mark Young
