Subject: Objection to planning application 2017/3847/P.

Dear Mr Sexton,

I wish to make an objection to this application on the grounds that:

- the scale, mass and bulk of the proposed development on the heritage assets in the local area, and the view from Primrose Hill, is unacceptable.
- the number of units proposed on the site (over 500) is too many and will have negative impacts on the amenity of the wider area

Thank you
Sarah
