This is a formal objection to the application for No.11; the decision is a foregone conclusion as No. 13 Healey Street has been given permission for a roof extension, on appeal.

We would both prefer it if the proposed works did not go ahead.

We appreciate Camden's efforts to stop roof extensions in the street, but unfortunately we are not a conservation area.

It makes sense to us that any applications for roof or basement extensions should have the approval of all immediate neighbours as a basic requisite – perhaps Camden could work towards that objective.

As it is, residents of a street with thirty-odd houses can look forward to building works and consequent noise and disruption for many years to come.
