#### Informative(s):

- 1 Reason for granting consent

Camden Planning Guidance (CPG1) states that banner advertisements in commercial areas may be considered a suitable form of display and that they must safeguard the amenity, character and appearance of conservation areas and listed buildings.

The majority of the banners would not be located within a conservation area, with only 4 banners out of the 15 proposed in Regents Canal and Kings Cross St Pancras conservation areas. The proposed banner locations have taken account of minimising the potential to have an impact upon the setting of listed buildings.

The proposed banners are considered to be appropriate in terms of their sizes, design and locations and would not detract from the character and appearance of the existing streetscape; local area or the Regents Canal and Kings Cross St Pancras conservation areas.

As such, it is considered that the proposal is appropriate in terms of size, design

and location without causing excessive visual clutter. It would preserve the character and appearance of the conservation areas and the listed building along the route.

Steps have been taken to ensure that the chosen locations for the banners do not interfere with the CCTV cameras in this area.

The banners will not impact on the neighbours' amenity nor be harmful to either pedestrian or vehicular safety.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area and special regard has been attached to the desirability of preserving the listed building or its setting or any features of special architectural or historic interest which it possesses, under s.66 and s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

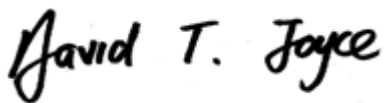

As such, the proposed development is in general accordance with policies A1, D2 and D4 of the Camden Local Plan 2017. The proposed development also accords with policies of the London Plan 2016; and the National Planning Policy Framework.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
