FALCOCREA CYCLE STORE

The FalcoCrea was developed from a growing demand for secure cycle storage for private homes and community neighbourhoods.

Based on the flagship FalcoLok design, the FalcoCrea retains the same design characteristics but in a much sleeker and compact design.

There is a huge number of modifications which can be made to the FalcoCrea store including a wide range of different cladding options, dimensions, green sedum roofs, locking systems and shelter access.

The FalcoCrea can securely accommodate up to four bikes.

Dimensions

The FalcoCrea measures 1,990mm x 1,990mm with a height of 1,550mm.

For more information on the FalcoCrea or to find out how the FalcoCrea can compliment your cycle parking scheme, please contact our helpful sales team on 01538 380080.
