Subject: Objection extended hours at 51 Fairfax Rd

To whom it may concern,

I would like to lodge my objection to the application to extend the opening hours at 51 Fairfax Rd to 9.30 pm . The restaurant already has a bad track record regarding adhering to the rules resulting in enforcement notices being served . They have demonstrated on many occasions total disregard for local residents , staying open often as late as midnight , having staff members urinating in the service Rd behind the restaurant running extraction units that contravene permitted noise levels and failing consistently to deal properly with refuse collection resulting in rotting food left for days in the service road that our houses back onto . Surely a restaurant that has consistently disregarded the councils planning regulations on so many occasions should not now be rewarded by being allowed to stay open even later . I would also point out that two planning officers have previously ruled these premises as unsuitable for opening hours later than nine pm .

Yours sincerely ,

Georgina Rustin and Chris Gislingham, residents at 22 Fairfax Place NW6 4EH.
