2017/4021/P	D. D. Edwards	21 Laurier Road London NW5 1SD	04/09/2017 19:50:37	COMMNT	I live and work diagonally across from 32 Laurier Road and am concerned about the shape and size of the extension, which would block out a large amount of sky and destroy the perspective with the view of the next house and the trees beyond. It would block out the sunlight at certain times of day, making the outlook gloomier on some evenings when there is still sunlight outside, and would have a significant impact on the working environment and living space in the front rooms of this house.
