2017/4197/P	Graeme Caul	42 Grafton Road London NW5 3DU	20/08/2017 19:24:01	OBJ	<p>This house was re-designed in circa 2005 with an illegal roof terrace. When it was sold some years later that roof terrace was given retrospective consent. It concerns me as a neighbour to the property that this significant extension with addition of glass where currently there is galvanised steel, will reduce our right to privacy as an adjoining property.</p> <p>Given the raised nature of this space, I also have some concern about how noise may carry as there is little greenery to absorb its impact.</p>
