9. Explanation for Proposed Demolition Work

Why is it necessary to demolish all or part of the building(s) and/or structure(s)?

The brick and block wall and existing front door are of poor quality and out of keeping with the Conservation Area. The proposal is to replace them with a brickwork wall to match the existing flank wall adjacent, and a new timber four panel front door. It is intended that the perspex roof be replaced by a more substantial flat roof and single ply membrane with roof lights. The fence panels are to be removed and the existing brick wall built up in brickwork to match existing to accommodate the extension.

10. Materials

Please state what materials (including type, colour and name) are to be used externally (if applicable):
