2017/4528/P	Fiona Bernard	26 Fairfax Place London NW6 4EH	12/09/2017 11:22:36	OBJ	I am objecting to this application to extend the closing time to 9.30pm on the basis that the restaurant has never shut at 9pm ! We are aware of their intention to extend hours even later to 11pm. The restaurant to date has caused huge disturbance to the residents with their noisy kitchen fan/flue, huge air conditioning units, early morning rubbish collections, rubbish dumped all over the ground, staff and customers using the road as a toilet and noisy customers. They have no regard for the residents who live in this quiet neighbourhood. Their take away service and parties cause more disturbance and parking problems. Two planning Inspectors have already come to the decision that a restaurant open after 9pm in this quiet part of Fairfax Road should not be permitted. This end of Fairfax Road is completely different to the other end of Fairfax road which is very noisy. If consent is granted does this mean that in reality they will close at midnight/1am ?!!
2017/4528/P	Simon Bane	16 Fairfax Place London NW6 4EH	13/09/2017 14:12:53	OBJ	This application is absurd as the restaurant has never adhered to the 9pm closing time. Their proposal of closing the kitchen at 9pm with customers leaving by 9.30pm is also nonsense. The restaurant is often full of people (way more than the permitted 30 covers) at 10.30/11pm and has caused endless disturbance to the residents. Please refuse this application. There have been so many applications, appeals and refusals. The owner was fully aware of this and must respect these decisions.
2017/4528/P	Matthew Dodd	20 Fairfax Place NW6 4EH	13/09/2017 13:37:54	OBJ	I am objecting to this application. There are many residents at the back, above and in front of the premises who do not want to be disturbed by noisy customers arriving and leaving and hanging around in the street in the evening. This is a very quiet residential neighbourhood. All the shops shut much earlier, before 7pm. There have already been 2 planning appeals relating to this premises where a late night restaurant has been refused twice. Groups of people have been seen entering the restaurant after 9pm so they never close at 9pm in any event. If they are proposing to close the kitchen at 9pm there is no way customers will leave by 9.30pm. The restaurant is often open at 11pm or later. Please refuse consent, particularly as they have caused so much disturbance to date.
