2017/4554/P	Mr. D.Snewin & Dr. S.Cavanagh	12a Twisden Road NW5 1DN	13/09/2017 10:47:49	COMMNT	<p>As the owners and residents of the basement flat 12a Twisden Road we would like to object to the plan for the kitchen extension at 10 Twisden Road for the following reasons.</p> <ol style="list-style-type: none">1. Our flat is adjacent to the kitchen extension and the outlook from our bedroom and kitchen windows will be directly affected by this proposed development by blocking our light and space. We live in a one bedroom flat and our front outlook is lower than the road consequently our back windows are particularly important as we rely on them to provide a view which this development will obscure. This will introduce another wall two metres away from our windows, making our flat like a tomb.2. We currently face a traditional and interesting Victorian garden view and this proposed development will change the character to facing a blank wall.3. Although being the most directly affected by this development we have had no personal public notification. The plans particularly the side elevation from our perspective lack detail in terms of finish. The rear elevation does not show the positioning of the extension supporting wall and does not show that our bedroom window has French Doors rather than a window which means the extension will have more impact on our back garden space.
