

Re: 2017/3324/t Decision letter

Dear Tom,  
would it be possible to get a fairly quick decision on this cherry plum as it is right next to the pavement and one big lateral branch came off just a few days ago. The tree has 5 main limbs going up and the two on the left are heavily decayed (see photos).

I'm concerned about the safety of the tree in general, but in my opinion the two limbs on the left should be taken off ASAP.

Please let me know your decision at your earliest convenience.

Many thanks,

Janet Penrice
