**Subject:** 2017/4623/T objection

Dear Mr Bell,

I am writing to object to the reduction by 33% of the tree at 21-22 Eton Villas.

The plot of land has now been decimated of flora by the developer and now they want to reduce (and finally remove) the Tree of Heaven that is in place on the corner of the street in a conservation area. The previous condition report stated that it need light pruning and now suddenly it has to be reduced. The site has not even looked after a tree that is on the pavement.

We have to preserve the nature of this area.

Richard Clifford
