2017/2899/P	Mr Stephen Benson	8 Laurier Road NW5 1SG	19/09/2017 09:40:42	INT	We object strongly to the proposal to erect a mansard roof. It is an absolute principle of the Dartmouth Park Conservation Area Statement that there should be no visible modification to the front elevations of houses in roads such as Boscastle Road, Laurier Road etc. The existing consistent and unmodified front elevations form an essential feature of the area. This application flagrantly goes against that, and will set an extremely damaging precedent.
