2017/4135/P	paul lucas	5 stukeley street london wc2b5lb	20/09/2017 13:01:42	OBJNOT	<p>Ref 2017/4135/P</p> <p>Dear Sir/Madam I would like to raise strong objection to the above planning application.</p> <p>I run a small business at number 5 Stukeley Street just 20 feet away from the applicant, and the impact of this planned development would have a profound on my company, forcing me to move out which could potentially put me out of business.</p> <p>The impact of a recent renovation to the windows of the Housing Association flats above us was extreme. The scaffolding attracted the homeless and many drug addicts, and the mess and debris (including human excrement!) made the area so undesirable that it really affected my business. I could not have clients to my office, and my staff had to wade through unbelievable conditions just to get into office.</p> <p>This application is far, far larger in scale, and also the longer time time to excavate and build the new flats would make this a far worse experience.</p> <p>In addition the impact of such a large scale excavation and building on such a small street would be immense. The impact of building, the noise and vibration of constant drilling and the need for large lorries to be in and out of such a small area, would make living and working here almost impossible.</p> <p>To compound this, a similar, but smaller project is planned just two doors away which involves excavation of basement, and building of flats, has been approved and so together would make the street almost uninhabitable from a residents point of view, but also the many small businesses in the immediate area.</p> <p>This area is a thriving one for small businesses and the Housing Association tenants and I am sure is this application is successful then it would have a devastating effect during and after the construction.</p> <p>Paul Lucas Interlink 5 Stukeley Street London WC2B5LB 02079169595 email paul @interlinkcomms.co.uk.</p>
2017/4135/P	alfie	1 stukeley street	21/09/2017 13:29:47	OBJLETT ER	I run small hair dressing salon,just stone slow away from the applicant,so impact of this planned development would have a profound on my business.
