2017/4937/P	Mrs C Lewis	12D Carlingford Road NW3 1RX	22/09/2017 10:38:47	SUPC	<p>As someone living in Carlingford road around the corner I would support the loss of this being a guest house as i hope a family home will be more settled for the area in terms of cars and parking issues.</p> <p>I support the application with conditions as the current garage is non existent (being rented on airbnb) and the cars park outside it (on the pilgrim's lane side) often protruding onto the pavement making it difficult and on some cases impossible for people with prams, pushchairs or wheelchairs to go past easily.</p> <p>Some guests have large cars who protrude more than others and often there is always a car parked there protruding at least a foot out into the pavement.</p> <p>I would like to see the garage reconverted into being a garage - big enough to fit a normal modern vehicle - and parking not allowed outside the doors where it inconveniences pedestrians.</p> <p>Otherwise, I support the application to change it into a single dwelling.</p>
