3. Description of the Proposal

Please describe the proposed development including any change of use:

I am planning minor improvement works in the front garden of 24A Hilltop road, at the corner with Hemstal road. The works consist of (i) re-building the existing retaining wall that urgently needs maintenance because it represents a hazard to people walking on the pavement. The wall is old and bricks have been pushed forward by the roots of the plants of the hedge. I will replace the wall with similar bricks (max height 600mm) and (ii) fit a railing on top (1200mm high) in black galvanised steel to match the existing railing in the common garden of the property. (iii) The works will also include building a retaining wall next to the boundary with N.4 Hemstal road and putting a wood trellis on top. Note that this wall will be built within the perimeter of 24 Hilltop road and will not be a party wall. (iv) Finally, we will re-build the existing gate posts in front of 24 Hilltop road, as they are dangerously unstable and risk falling. The posts will be re-built at the same height as the existing ones, with bricks that will match the ones used for the new retaining wall. (v) Inside the front garden, we will replace the existing cement slates with natural stone tiles. Water will be allowed to drain naturally towards the lawn and external border. We will preserve as much as the existing hedge as possible and re-plant it if necessary.

Has the building, work or change of use already started? Yes No
