Dear Aimee,

26 Netherhall Gardens, NW3 – Updates to Structural Information

We have reviewed the revised planning drawings (listed below):

04009_C645_P_00_001

04009_C645_P_01_001

04009_C645_P_02_001

As the basement is smaller, the previously approved Basement Impact Assessment and ground movement analysis is worst case and therefore does not need reassessment. We note that Campbell Reith have approved the technical aspects of the previous scheme and do not consider any further reassessment of the revised proposals is required.
