Dear Arletta

Thank you for your enquiry.

I'm assuming the tree in question is based in the location you've given below (146-150 Royal College Street); if this isn't the case please let us know.

Our records show that, although there are no TPOs at this address, it is in the Regent's Canal Conservation Area. By virtue of this any tree with a stem diameter of 75mm when measured at a height of 1.5m is protected and the council must therefore be notified – and not object to – any works before they are carried out. We can accept your email below as a notification, but before we proceed please can you confirm the address of the tree and whereabouts it's locate (front garden, rear garden, etc)?

Feel free to contact us should you have any further queries, kind regards
