2017/4350/P	L.M. Milwid	1 Mornington Street	26/09/2017 09:05:40	OBJ	<p>I have two objections to these plans.</p> <p>Firstly, in relation to the plans for the garden, I note that these include a large open fire pit. The amount of smoke arising from such a large pit is likely to be unpleasant for neighbours and is also a source of pollution.</p> <p>Secondly, turning the green house into a conservatory will pollute neighbouring properties with light. Use of this high level area as a living space, with a view over neighbouring properties, also gives rise to a privacy issue.</p>
