2017/4471/P	James Robin	139 Kiln Place	25/09/2017 15:42:31	COMMNT	There was an assumption that at the location of the arch between unit 3.1 and 2.2 was to allow for the installation of a security gate to restrict unauthorised access through the open area to the front of 81-96 and new front gardens of this block. Will the removal of the arch mean that this will not be a secure area? We consider this 'courtyard' secluded and with reduced overview which could allow congregation and intimidation , particularly with reducing sightlines of main entrance to 81-96 off this courtyard and narrow steps leading to walkway and green space.
