2017/4837/P	David Reed	Flat 2 56 Eton Avenue London NW3 3HN	29/09/2017 15:01:11	OBJNOT	WE DO NOT WANT ANY BASEMENTS IN ETON AVENUE. If the house isn't big enough, they should move somewhere else. The whole avenue is on London clay, notoriously unstable; teh house my flat is in and the one next door were very badly affected by foundation movements back in the 1970s, but were saved from demolition by underpinning. MAJOR excavations can only damage neighbouring properties and are unnecessary. Camden is supposed to have a policy on basements, please enforce it! NO BASEMENTS IN NW3!
