

IS A PROBLEM.

AS YOU ARE AWARE,

ALL THE HOUSES IN ACHILLES ROAD ARE BUILT ON CLAY AND THIS CLAY RELIES ON MOISTURE TO KEEP THE BRICK FOOTINGS STABLE. BY BUILDING AND CONCRETING AT THE BACK OF THE HOUSE, COULD POSSIBLY JEOPARDISE THE STABILITY OF THE ADJOINING PROPERTIES.

WITH 2 OTHER PROPERTIES ON THE OPPOSITE SIDE OF THE ROAD (NO'S 13 & 23) SUFFERING SEVERE CRACKING, I REALLY THINK CAMDEN SHOULD CARRY OUT A SURVEY OF THE AREA BEFORE ANY MORE WORK (STRUCTURAL) IS ALLOWED TO CONTINUE.

LOOKING FORWARD TO YOUR VIEWS ON THIS MATTER

(W. LEWIS, MR)

DEAR Ms McCLANN
RE: - 14, ACHILLES ROAD NUMBER
APPLICATION NO: 2017/4936/P

I WOULD LIKE TO EXPRESS MY CONCERNS REGARDING THE PROPOSED APPLICATION FOR A R AND SIDE EXTENSION.
HAVING LIVED NEXT DOOR TO THIS PROPERTY FOR SEVERAL YEARS IT HAS A HISTORY OF CRACKING & SUBSIDENCE, THE MAJOR CRACK ON THE FRONT OF THE HOUSE CONTAINS THREE
