Use Classes:

8. Description of Use, Operation or Activity

Describe the existing uses, building works or activities for which you want a lawful development certificate. Where appropriate, show to which part of the land each use building works or activity relates:

This application relates to the rear extension of my late parents' house at 13 Gloucester Crescent. The extension was built in 1983 and has been in use ever since, containing a kitchen at ground floor level and a kitchenette and living space at basement level.

Planning permission was obtained in 1981 prior to building the extension, however the approved drawings are missing from Camden's records and paper archive. I am in the process of selling the house and the buyer has requested we apply for this certificate of lawfulness to remove any ambiguity surrounding the extension.

Please see the attached document for more detailed description and evidence to date the build to before the listing of the house in 1998.

9. Grounds For Application For A Lawful Development Certificate

Under what grounds is the certificate being sought:

9. Grounds For Application For A Lawful Development Certificate

- The use began more than 10 years before the date of this application
- The use, building works or activity in breach of condition began more than 10 years before the date of this application.
- The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
- The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
- The use as a single dwelling house began more than four years before the date of this application
- Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

If the certificate is sought on 'Other' grounds please give details:

The extension in question has planning permission, as approved by Camden in 1981 ref CTP/ J11/11/7/33365. The building works were completed 34 years ago in 1983, more than four years ago and prior to the listing of the house in 1998.

If the certificate is sought for a use, operation, or activity in breach of a condition or limitation, please specify the condition or limitation that has not been complied with:

Reference number: Condition number: Date:

Please state why a Lawful Development Certificate should be granted:

Please see the attached document for a detailed description and supporting evidence, but essentially it should be granted because :

- the extension already has planning permission from 1981 ref CTP/ J11/11/7/33365.
- the building works were completed 34 years ago in 1983, more than four years ago and prior to the listing of the house in 1998
- I have proof of this in the supporting document
- I have provided several affidavits from neighbours, friends and family stating this is the case
