Dear Sir or Madam,

Re: 36 GREAT JAMES STREET, BLOOMSBURY, LONDON, WC1N 3HB - APPLICATION TO REPLACE INTERNAL WINDOW SHUTTERS.

On behalf of the owners of 36 Great James Street, we are submitting an application for Listed Building consent relating to the internal window shutters at the property.

The wider refurbishment of the house and replacement of the front elevation windows has previously been applied for and consented under applications 2015/7223/P and 2016/0460/L. Further information requested was provided and consented on the replacement windows in applications 2016/2779/P and 2016/2935/L.

These works are largely complete, and have been carried out as per the above consents.

It was proposed in these applications that existing panelling would be stripped and inspected before refurbishment, and where found to be too badly damaged, would be replaced with new materials to match the existing design. The applications however did not specifically refer to the window shutters.

This application is made to ensure that the proposed works to the window shutters are considered by the local authority and any works consented.

Yours Faithfully,

Costa Elia
Associate
