2017/4239/P	Robert Swerling	89 Fellows Road NW3 3JS	09/10/2017 13:53:35	COMMNT	I am strongly supportive of this application, as a) it will enable growing families to stay within their existing homes, rather than being forced to move, and b) the design is elegant and sympathetic to the estate and local environment.
2017/4239/P	J Colman	32 Eton Avenue London NW3 3HL	09/10/2017 14:30:01	SUPPRT	Great idea
2017/4239/P	Richard Taylor	99 Fellows Road London NW3 3JS	09/10/2017 13:47:41	SUPPRT	The area is in need of additional family housing space. There are no homes in the area with slightly more space than these townhouses without spending twice as much money. I therefore support the approval of these roof extensions.
2017/4239/P	Anna Turner	3 Hornby Close	09/10/2017 14:46:32	COMMNT	I fully support this application. It is very difficult for families to stay in the area if they need more space as property prices are so high. Spacious affordable accomodation is severely lacking and the chalcot estate townhouses are about the only ones. There are numerous high rise buildings around the Chalcot estate (and a potential high rise new build at 100 Avenue Road) so there should be no reason why an extra floor wouldn't be allowed and there is already one group of similar houses on Lower Merton Rise which have been granted permission and have built a 4th Floor.
2017/4239/P	J Colman	32 Eton Avenue London NW3 3HL	09/10/2017 14:29:37	SUPPRT	Great idea
