2017/4582/P	Hampstead CAAC	c/o Flat 6 4 Ferncroft Avenue NW3 7PH	05/10/2017 23:21:46	COMMNT	HCAAC always dislikes retrospective applications. In this case a raised boundary wall looks to be unnecessarily detrimental to the neighbour who we understand has rightly objected to the proposal. The play house could be reduced, albeit probably involving a flat roof to reduce its impact on the neighbour where the main garden wall runs outside the gable wall shown to be dominant.
