2017/4239/P	T Parente	82 Hawtrey Road	15/10/2017 18:17:16	SUPPRT	Fully support proposed extension. The addition of an extra floor increases the attractiveness of the residencial area and is in keeping with the character of the existing dwellings. Camden Council should consider approving a similar design for other houses in the Chalcots estate, to preserve consistency of appearance. At the same time, the council should also consider dropping its opposition to broken rooflines, which is unfair to residents who wish to expand upwards but where no unanimity is possible to reach within the same band of houses.
2017/4239/P	Nicola Usborne	18 Elliott Square London NW3 3SU	15/10/2017 22:42:38	SUPPRT	I'm in support of this application and think the plans are sympathetic to the style and scale of the surrounding buildings.
2017/4239/P	Ruth Marie Mackrodt	83 Fellows Road London	13/10/2017 11:34:54	COMMEM PER	I am a local resident and fully support this application. The design is sympathetic to the area (and far more attractive than the 3rd floor extensions done on Lower Merton Rise) whilst at the same time modernise the look and add an attractive aesthetic. The proposal in no way looks bulky or out of place. It will allow much needed space to be added to these properties to allow families to stay in the area and all without the dreaded basement build.
2017/4239/P	Chris Blackburn	25 Primrose Hill Road	15/10/2017 17:29:17	SUPPRT	I think this is a fantastic way of adding much needed living space without any detriment to the area.
