Subject: Planning Application - 2017/3847/17

FAO - Gavin Sexton

I have reviewed this planning application and have found that the previous DOCO Adam Lindsay has already had consultation with the applicants regarding this project. From their design access statement they have fully engaged with DOCO's and have incorporated Secure by Design. The adjusted plans do not need any extra comments by myself as Adam Lindsay has addressed all major concerns, but I would highly recommend that the architects and clients continue to engage with myself throughout this project due to the area in which the development is situated. The size and scale of the development would benefit Secure by Design principles and I believe if applied for could certainly be achieved.

Regards

Jim
