Your comments on the planning application

Whilst we accept that this house is in urgent need of renovation because of its very poor condition we have concerns about the proposed addition of the extra story height , and thus the roof line which will be altered by this. . Currently these are three beautiful cottages with identical roof lines the proposal will alter the roof line which according to the impact statement " will be barely visiblefrom the pavement " this will have an impact on the parapet line which will be altered . The Conservation area statement states that such changes in roof line are out of keeping with the area also this will adversely detract from the current roof

line of the three houses.

The retention of wooden windows and doors and
reinstatement of railings are very good but they must be in
keeping with the period in which the house was built
