2017/5284/P	Sanya Polescuk for Belsize Residents Association	8a Belsize Court Garages	17/10/2017 23:03:22	OBJ	The width of the proposed front and rear dormers is excessive and overbearing when compared to the existing hierarchy of built form and fenestration on the front and rear facades. In addition, the proportion of the front dormer fenestration in particular is incongruous with the proportions of other windows on the property and such an arrangement has a detrimental impact on the conservation area. The fact that similar, albeit not exactly the same dormers exist in the street does not make this proposal any more acceptable for the area.
