The extension that it is proposed to be built on has cracks in the brickwork and cracks and damp on the walls inside in both Flats A and B. Also it will overlook the gardens of Flats A and B and run along side the seating area in Flat A, so no one would have any privacy and all conversations would be overheard. It would also overlook the gardens of Nos 35 and 31. I wonder if the owners of these houses have been informed because they won't have seen the notice on the tree outside, their houses are rented out. The plans do not show no 35 correctly, there is no extension at the back of the house, so the garden would be on view from the proposed patio Mr Andrew Macpherson Major Repairs Camden Council is aware of the .faults in the extension of the building.
