2017/5631/T	Anne McKenzie	Flat 3 18 Lyndhurst Gardens NW35NR	20/10/2017 16:08:01	COMMNT	I strongly object to the felling of any trees in this area. The trees are crucial for reducing air pollutants and providing an environment for birds and wildlife. The trees make an important contribution to drainage. The trees are also an important part of the character of this Conservation Area and are greatly valued by the neighbourhood. We strongly object to felling any of these precious trees.
2017/5631/T	The Directors, Twenty Lyndhurst Gardens Freehold Ltd.	20 Lyndhurst Gardens NW3 5NR	20/10/2017 12:37:47	OBJ	We would like to lodge our strong objection to the planning application for the felling of the sycamore and the elder trees. There are no reasons whatsoever given in the application form for the proposed feelings (and the excessive reductions of the holly and the laurel for that matter). The tree plan attached to the application is very vague and inaccurate. Belsize Court have already felled a number of mature trees on their site over the recent years. The sycamore and the elder provide enormous amenity for all residents and neighbours of Belsize Court and so the trees should be preserved. We would like to request that Camden tree officers urgently inspect the site and cover the sycamore and the elder trees with TPOs.
