

Project: CAMLEY STREET NATURAL PARK				Project No.: 4521	No.: SK-S-002 A
Design: -	Drawn: FWM	Checked: -	Date: 06/09/2017	Activity No.: -	Scale: 1:100 @ A3
Subject: FOUNDATION PLAN				Status: PRELIMINARY	

**Notes:**

1. Piles to be bored to allow for buried obstructions.
2. Subject to results of further site monitoring, ground gas protection beneath slab to be provided by a minimum 2000 gauge HDPE gas resistant membrane below the slab with all joints lapped and sealed in conjunction with passive ventilation beneath the slab provided by perforated gas collection pipes set within 250mm well compacted granular material.
3. Ground contamination (asbestos) remedial works to be confirmed.
