Subject: MORRISON'S SUPERSTORE AND PETROL FILLING STATION, CAMDEN GOODS YARD, CHALK FARM ROAD, LONDON NW1 8EH APPLICATION REF. 2017/3847/P

Dear Camden Council,

I am writing to show my support for the above development in Camden. I feel the idea of a rooftop chili farm is unique and fits with the different atmosphere of the area and is something London needs.

The chili farms social and green attributes are to be commended and will make it a place of not just business but community. Providing a new green space including the education and learning facilities is fantastic especially on the roof... Something that is normally is sorely under used on most developments.

The farm really adds to the overall design and will also add to the general cityscape of not just Camden but London through this progressive concept.
