2017/4737/P	Masahiro Bukkake	13 Belsize Road	31/10/2017 19:31:34	OBJ	<p>OBJECTION.</p> <p>The effects of excessive noise from the kitchen, traffic and noise from the delivery mopeds and the odour of food preparation and waste.</p> <p>The noise from the generator is already causing disruption, particularly at anti-social hours.</p>
2017/4737/P	Kate Fairhurst	2 Quex Court West End Lane London NW6 4PD	01/11/2017 08:49:31	OBJEMPE R	<p>As a 2018 council candidate in Swiss Cottage, I have been speaking to residents about their concerns on the impact of this planning application, and am making an objection accordingly.</p> <p>The site itself is in close proximity to properties on Finchley Road, Dobson Close and Belsize Road. Having visited the site myself, it is clear that those living nearby will be affected in some way by these proposals.</p> <p>There are concerns relating to moped noise and traffic, disruption during anti-social hours, and food odours and waste. These issues all have the potential to be problematic for those living nearby, and that isn't to mention any disruption that they may experience during the construction of the kitchen itself.</p> <p>Residents have so far done an excellent job of raising their concerns, and I hope that this planning process will take these issues into close consideration.</p>
2017/4737/P	lisa ryde	33 Achilles Road NW6 1DZ NW6 1DZ NW6 1DZ	31/10/2017 11:45:18	OBJ	<p>Dear Sirs</p> <p>OBJECTION Re : 2017/4737/P</p> <p style="text-align: right;">117 Finchley Road , Swiss Cottage Roofoods Limited (Deliveroo)</p> <p>-----</p> <p>I manage 28 Belsize Rd which is a family house on the street behind Finchley Rd I wish to Object to this application on various grounds and feel it would more suitably placed in an Industrial Estate</p> <ul style="list-style-type: none"> <li>o In order for the food to be delivered it is going to result in a high volume of moped, scooter and motorbike to the surrounding residential streets 24 hrs per day</li> <li>o In addition, this kitchen will no doubt receive delivered of fresh food numerous times per day that are going add even more traffic</li> <li>o There is likely to be additional noise and smells from industrial extraction</li> </ul> <p>Finchley Rd is already overloaded with traffic and restaurants and this will just add to the congestion and exhaust fumes to the area</p> <p>Yours faithfully</p> <p style="text-align: right;">Lisa Ryde</p>

2017/4737/P	A. Ziv	44 Dobson Close London	31/10/2017 10:58:05	OBJ	<p>I strongly oppose this planning application to install an external plant at the back of 117 Finchley Road. The rear of the building faces a densely populated residential area and is unsuitable for this kind of industrial activity.</p> <p>The increase in fumes and odours would have a very negative impact on the quality of life of nearby residents, including the children that live here. In addition there would be a huge increase in mopeds driving up and down peaceful Belsize Road at all hours of the day. This would destroy the peaceful vibe of this pleasant neighbourhood.</p> <p>I strongly urge you to reject this application.</p>
2017/4737/P	Stacy	Dobson close	31/10/2017 17:30:09	OBJ	<p>I have just found out about this from a neighbour and I cannot believe it. I have not had any letter or leaflet through my letter box telling me that work was about to start and what it was about and was not aware of the scale of what has been going on on the site near my flat until today. I have seen workmen there for weeks and weeks and never in a million years imagined that they would be working on such a big project as this in a residential area and without people knowing what they were doing! It is outrageous that they have been allowed to do so much work without notifying local residents what they were planning to do and have done already to allow us to register our objections. I have seen that the consultation date finishes tomorrow but lots and lots of work has already been completed so they have done it without any consultation at all! They have put up chimneys already and have done a lot of pipe work and have dug up a road to put in extra water supply pipes. They have also had a very noisy machine in the car park going for over 12 hours a day. I cannot believe they have been allowed to do this work with no planning permission and no consultation of local people. They have been very sneaky! I cannot believe these kitchens will be next to me and I did not know about it until today! I am not happy about it at all and I am objecting to it very strongly indeed! How can they have been working there for so long without permission??? It is disgraceful behaviour.</p>
