2017/3997/P	Patience shone	26 Old Gloucester st , Flat 2 London Wc1n 3 an	01/11/2017 17:39:23	APP	As an owner of the adjoining property I object to the height of the new rear extension as it will deprive my flat of light. I also query changes to the front as it is a historical and listed facade. We also have a party wall and require consultation directly to ensure prevention of damage to our property. I also object and query the extension of the basement area as it will likely weaken the foundations of our already fragile and listed historic property at number 26.
